Travel Vaccinations

Our Nurses will undertake a review of where you are travelling to, to determine what vaccinations are recommended that you have. As some vaccinations may require several courses, then it is recommended that you contact the Practice up to 8 weeks prior to your travel. Some vaccinations that you may need for your travel vaccinations are also currently available from the NHS and we can therefore provide them without charge.

Please be advised that payment for the full course of vaccinations is required at your first appointment with the Nurse.

Vaccination	Doses	Cost
Tetanus	Every 10 years	£nil
Hep A	2 doses 6-12 months apart	£nil
Typhoid	1 dose	£nil
Cholera	2 doses 1-6 weeks apart	£nil
MMR	2 doses at least 1 month apart	£nil
Meningitis ACWY (under 25 yrs)	1 dose (usually given in school yr 9)	£nil
Meningitis ACWY (over 25 yrs)	1 dose	£55 per dose
Hep B (Engerix B)	3 doses (0,1,6 months) or, Accelerated schedule 4 doses (0,1,2 and 12 months) or, Very rapid schedule 4 doses (0,7 and 21 days, 12 months)	£50 per dose (£150 for 3 dose course) (£200 for 4 dose course)
Hep B Child (Engerix B Paed)	3 doses (0,1,6 months) or Accelerated schedule 4 doses (0,1,2 and 12months)	£25 per dose (£75 for 3 dose course) (£100 for 4 dose course)
Yellow Fever	1 dose	£70 per dose
Yellow Fever replacement card		£20
Ticke Bourne Encephalitis ^{Note 1}	2 doses (0 and 1-3 months) Accelerated schedule, 2 doses (0 & 2 wks)	£65 per dose (£130 for 2 dose course)
Japanese Encephalitis	2 doses (0 & 28 days)	£105 per dose (£210 for 2 dose course)
Rabies ^{Note 2}	3 doses (0, 7 & 21-28 days)	£85 per dose (£255 for 3 dose course)

Note 1 – A 3rd dose is available as a Booster to provide longer term immunisation. This is normally given 5-12 months after the 2nd vaccination.

Note 2 – The normal Rabies vaccination is not internationally available. Travel clinics are able to offer an alternative “off-label” Rabies vaccination, but the fee for this is higher than the previous vaccine.
